## EXPERIENCE

---

**Operations Manager 2024–Present**  
***Lawyer's Aid Service, Inc., Austin, TX***

Manage and support production applications including CRM, document management, and client portals—diagnosing issues, performing root-cause analysis, and resolving incidents to ensure 99.9% uptime.

Interact with SQL databases to investigate data issues, run queries, and restore normal operations for internal teams and clients.

Engage directly with internal stakeholders to understand requirements, reproduce problems, and deliver solutions that improve accuracy and efficiency.

Create and maintain troubleshooting guides, internal documentation, and repeatable processes to reduce ongoing support load.

Collaborate with development teams to support deployments, assist in UAT, and verify successful releases.

**Freelance Full Stack Web Developer**  
**hfill 2022–Present**  
***AzTech Solutions, Remote / Austin, TX***

Developed and maintained web applications using Python, JavaScript, and SQL—supporting full software development lifecycle from requirements to deployment.

Automated client workflows by integrating REST APIs for state filings and CMS platforms, handling errors and parsing responses effectively.

Deployed scalable solutions via Azure and cloud platforms, monitoring performance and resolving production issues.

Implemented secure authentication and authorization—sanitizing user inputs and protecting secrets in production environments.

**Fitness Consultant 2021–Present**  
***El Mar Fitness LLC, Remote / Austin, TX***

**DESIGNED AND DELIVERED TAILORED SOLUTIONS FOR CLIENTS, MANAGING PROJECTS INDEPENDENTLY AND PRIORITIZING BACKLOG ITEMS BASED ON BUSINESS IMPACT.**

OVERSAW FULL BUSINESS OPERATIONS—including client acquisition, reporting, and compliance—demonstrating strong communication and problem-solving skills.

PROJECTS

---

[marshallbenson.com](#) Nov 2024–Mar 2025  
*Full-Stack Web Application*

Built secure full-stack application with custom CMS, authentication, and role-based access control.  
Integrated Azure Web App + SQL Server backend, improving content deployment speed by 50%.  
Implemented input validation and security best practices to protect sensitive artist content.

[elmarfitness.com](#) Feb 2023–Present  
*Business Website*

Launched platform with automated scheduling, email campaigns, and third-party API integrations.  
Perform routine health checks, monitor system behavior, and proactively address performance issues.

**HomeLab** 2024–Present  
*Custom Home Server with Remote Access and Local LLM*

Implemented Flask APIs, Tailscale, and RustDesk for secure remote access and low-latency streaming.  
Troubleshoot and resolve technical issues across Linux and Windows environments.
